points along the 20 mile front.

Meanwhile, a big battle is in progess on the eastern front in the region between Lutsk and Vladimir, Volynsky, around Sviniusky and Korynito, where Russians are attempting to advance, but the Teutons are impeding them by heavy counter attacks. The German war office says these counter attacks in the region of Korynitza have resulted in the recapture of positions lost recently by the Teutons. Heavy casualties were inflicted on the Russians, says Berlin, and in addition 41 officers and 2800 men were taken

In Galicia the Germans west of Krasnolesie also pressed forward their lines, while in the Carpathians, attacks by Russians were repulsed in hand-to-hand fighting.

An eagle caught in an aeroplane's flight.

The recent flight of a French aeroplane brought to earth a large eagle caught in the fine wires of the machine's framework. It is probable that the bird had attacked the airman. The largest birds are too agile and speedy in the air to be run down.
